

Virtual RR10 Time Trial Event 2

Janemoor Ballon 6.1km/3.8m Expires 13th July

Hopefully this route will be familiar with many of you. It forms part of our RR10, and is used in various other RR10's and CC6 races.

The route should be fairly easy to follow, it is 100% hard packed gravel track, and will be dry. Unfortunately there are some gates to negotiate. Please close them behind you and consider having some hand sanitiser for when you finish.

The route is undulating; you will either be going uphill or downhill, there is very little on the flat.

Parking at the Janemoor Pond. The start and finish can be found where the woodland starts with the pond behind you. This is marked by cycle post numbered 35

Route Guide

1		<p>The start and finish can be found where the woodland track starts with the pond behind you. The start and finish line is mark by the cycle post numbered 35 on the left</p>
2		<p>At the end of the starting straight follow the path to the right, you will begin to go downhill</p>
3		<p>500m in you will come to the first gate</p>

4

Follow the path as it bears to the left, do not turn right

5

Go through the next gate and cross the clearing

6

Go through the next gate (last one for awhile)

7

Continue straight, you will now start the long uphill section

8

Eventually you'll get to the top of the hill, turn right at the pile of logs (assuming its still there)

9

After a while you'll complete the loop, turn left now to start heading back the way you came.

10

Back through the gate and across the clearing

11

Through the next gate

12

Continue straight, and begin the final climb

13

Last gate

14

Turn left onto the finishing straight

15

Cross the line at the number 35 post.
Make a note of your time and send to Tony/Dot
(Inflatable finish line may not be there)
